

CloudWerx & Google Cloud Blue Jays Game

CloudWerx is teaming up with Google Cloud to host a remarkable event at a Blue Jays Suite during the thrilling game against the Texas Rangers. This event offers customers the chance to explore GenAI, Data Analytics, and Security in a fun and accessible way. Attendees can enjoy delicious food and beverages while soaking in the game's excitement. Just as the Blue Jays aim for victory on the field, CloudWerx and Google aspire to help businesses achieve their own successes in the world of technology.
